reedbed

**PLEASE WASH
YOUR HANDS**

AND USE THE SANITIZER PROVIDED

All animals can carry diseases. Washing your hands is a sensible way to protect yourself.

The **Wildfowl & Wetlands Trust (WWT)** is a leading wetland conservation organisation saving wetlands for wildlife and people across the world. Founded in 1946 by the late Sir Peter Scott and based in the UK, where it has a network of visitor centres dedicated to engaging people with wetlands and their wildlife and including over 2,000 hectares of wetland habitats. WWT has over one million visitors a year and over 200,000 members.
