Take care and help us protect the wildlife here

- Please stay on the paths and be careful near deep water.
- Enjoy your close encounters with wildlife here but remember all animals can carry diseases. Washing your hands is a sensible way to protect yourself, especially before eating.
- Birds have ears too – you'll see more around the site and in hides if you are quiet and approach slowly.
- Leaves, flowers and berries are vital for our wildlife so please don't pick them – some may be harmful to you.
- Our birds eat special food – please don't feed the birds anywhere other than in the Duck Tales exhibit (with the food provided).
