## Take care and help us protect the wildlife here

- Please stay on paths and be careful near deep water.
- Enjoy your close encounters with wildlife but remember all animals can carry diseases. Washing your hands is a sensible way to protect yourself, especially before eating.
- Birds have ears too – you'll see more around the site and in hides if you are quiet and approach slowly.
- Leaves, berries and flowers are vital for our wildlife, so please don't pick them. Some may be harmful to you.
