

Supporter Promise

Our promise to you...

It is only with your amazing support that WWT can ensure the future of wetlands around the world and the people and wildlife that depend on them. Wetlands connect us with nature, and with ourselves, through beautiful landscapes and inspiring encounters with wildlife.

This is our promise to you and to everyone who supports our vision to save and celebrate these extraordinary places:

- We will always be clear, honest and open in all our communications with you
- We will treat your personal details with respect and only communicate with you as you ask us to, providing information that is relevant to our work and the ways you support us. If you would like to find out more, please read our [Privacy Policy](#) {hyperlink}
- We will regularly tell you how your support makes a difference, helping us to deliver ground-breaking projects around the world, and tell you about other ways you can get involved with our work
- We will welcome all the feedback and ideas you share with us about what we do and how we tell you about it. We will always listen to your views - and if we make a mistake, we will do our best to put it right as quickly as we can

Since 1946, millions of people, animals and plants have benefitted from WWT's work to save and celebrate wetlands - and the number continues to grow every day.

None of this would be possible without you as part of our conservation movement.

Thank you.
