

Here's your chance to become a Wetland Explorer!

**HQ** Head to our Wetland HQ for our daily wetland challenges.

### Mini-Beast Hunt

Time for a crazy, creepy-crawly adventure! Join our expert guide and discover what's buzzing, hopping and scampering through the undergrowth.

### Animal track ID

Learn how to identify animal tracks and what to look out for while tracking at our wetland base in the woods with our experts.

It's a **wild** day out for the whole family!

Fridays	Pond dipping	Pondzone
Saturdays	Den building	North Wood
Sundays	Wetland wildflowers	Education barn

**Daily Activities**  
1pm - 2.30pm

Share your wild adventures #WetlandExplorers

### Compass and navigation

Try your hand at map reading and compass navigating and put your skills to the test in a fun-filled family activity.

### Nesting challenge

Put yourself in the shoes of a wetland bird and learn what it takes to build a nest, care for your eggs and defend your brood!

### Pond dipping

Grab your nets and explore the underwater world of our Pond Zone, searching for water creatures such as water boatmen, great diving beetles and their formidable larvae.

### Den building

Could you build a den and survive in the wild? Our guide will show you how to construct a real woodland retreat, using bendy willow for walls and sheets for cover.

### Wetland wildflowers

Discover more about our wonderful wetland wildflowers and plant your very own wildflower to take home ready for summer wildlife to enjoy.
