

Martin Mere
Wetland Centre

Welcome

This picture guide will help you find your way around our buildings so that you know what to expect when you visit the centre.

There is also a little bit of information about facilities in our grounds.

Please ask on arrival if you would like a colour print out of this guide.

On arrival there is a large car park with up to 20 blue badge holder parking spaces.

There is a slop down to the main entrance door. The entrance door has a push button for access. There are sensors in place so that the doors do not close when people are waiting.

This is the reception where you will be greeted by a friendly member of staff. If it is busy, there may be a short wait time.

In the foyer you will find a membership desk, large windows to look at the wildlife and an information desk. You will be welcomed by volunteers on the information desk to give you a map, directions and any information that you would like to know.

To the right, you will see the gift shop.

To the left, you will see a large open exhibition hall where you can often find art exhibitions.

As we walk through the exhibition hall, you will see a long corridor. On this corridor you will find the indoor picnic room, a large accessible toilet with a changing table and the family craft room.

The picnic room has large windows with sturdy benches. High chairs are also available in this picnic room.

The large accessible toilet has a changing table available as well as spare clothing and an accessible toilet. This toilet facility does not have a hand dryer.

The family craft room offers a variety of paid and free crafts at the weekends and during school holidays. There is a tray available for people with additional needs to do crafts on their knee if they are unable to get close to a table.

There is an exit next to the exhibition hall that leads you to the Mere Side Café.

Outside the door there is an outdoor picnic area. To the right is the Mere Side Café building.

Automatic doors give you access to the Mere Side Café where you will find ladies, gents and accessible toilets with baby changing. There is a further push button to open the internal doors to the café.

Inside the café there is seating for 100 people plus an outdoor veranda overlooking swan lake. Baby feeding stations include high chairs and a microwave. There is free water provided. Please ask the staff for any dietary requirements or look at our website for a sample menu.

Past the Mere Side Café, a red gate provides access into the grounds to see large numbers of waterfowl, otters, storks, cranes, flamingos and swans. In addition there is a canoe safari and wheelchair friendly boat tours, pond dipping, den building, a tepee village and plenty of areas to explore. There is a small play area by the canoe safari and within Wild Walk there are swings, wobbly bridges, stepping stones and balancing beams.

The primary entrance into the grounds is through the retail shop.

To the left of this entrance all of the wheelchairs are stored that can be requested on arrival. They are free to hire. There is also access points to the play area, nature trail and the grounds.

To the right of this entrance is the adventure playground along with a food and drink kiosk, ladies, gents and accessible toilets with baby changing facilities.

The play area has a bark substrate with sand play and water play in designated sections. There is a large slide that is only accessible via climbing a rope. The minimum age for the play area is 2.

Straight ahead of you is the access to the nature trail that includes 9 hides. Straight ahead is the Discovery hide that is DDA compliant.

The entrance to the hide is double doors and there are large windows with comfy seats available in this hide. The hide overlooks the mere that is full of wild swans and geese in autumn and winter.

From the Discovery hide you can go left or right, through these gates to the nature trail. The nature trail is not a circular loop. Please refer to the access statement for details of the hides and how far they are from the Discovery hide. All gates leading onto the nature trail are self closing and do make a noise when closing.

Hides have either lower windows for wheelchair accessibility or large glass windows for wildlife viewing. Some of the hides can appear dark upon entering.

Straight ahead to the left is the access to the grounds to see large numbers of waterfowl, otters, storks, cranes, flamingos and swans. In addition there is a canoe safari and wheelchair friendly boat tours, pond dipping, den building, a tepee village and plenty of areas to explore. There is a small play area by the canoe safari and within Wild Walk there are swings, wobbly bridges, stepping stones and balancing beams.

Metal gates are used throughout the grounds to separate the themed bird areas.

The grounds are open and spacious with the waterfowl roaming freely enabling you to feed them by hand. There are benches all around the grounds as resting points.

Species labels tell you all about the birds that you can see.

There are different ground substrates around the grounds including boardwalks over water, compacted stone and bark.

There are 3 points around the grounds that have hand dryers. Outside the café, in the WOW area by the aviary and in Wooded Wetlands.

The exit back to the car park is at the main entrance via an automatic door.
